

## **From the desk of the Teacher-in-charge**

From the desk of the Teacher-in-charge: I am very glad to announce that we have successfully launched Belles Lettre 2 (with ISBN No.) after the immense response received from the publication of Belles Lettre on the last time. My sincere thanks go to the Convener and Members of our Research & Publication Sub-committee, the Editorial Board for this volume, the IQAC of the college and all those who have contributed in black & white to this successful publication. The approach of our endeavour is multidisciplinary, and we have received immense positive responses from all walks of academia. We are in the process of RNI registration and then very soon we will get an ISSN number which will surely help us in uninterrupted publication of our own college journal in the coming days. I wish a very successful journey for such an academic endeavour from the end of my esteemed colleagues. Thanking you,

Yours Fraternally,

Teacher-in-Charge
